

## Reelworks - SS808 Series

### STAINLESS STEEL SPRING REWIND HOSE REELS

The SS808 Series stainless steel spring rewind hose reels are constructed in 304-grade stainless steel and other non-corroding materials. These reels are designed for harsh, corrosive environments or where hygiene is of primary importance. Ideally suited for wash down applications in food processing areas, marine and offshore.

#### FEATURES:

- Heavy duty stainless steel construction
- Double supported solid 1" stainless steel axle
- Fully automatic hose rewind for neat and tidy storage
- Slotted and drilled mounting hole for easy installation
- Latching of hose at any length
- Non-sag roller guides reduce hose wear
- Externally mounted full flow stainless steel swivel assembly
- Supplied as a bare reel (hose supplied at an extra cost)
